

Guide rates only - confirmed following a free consultation • All services optional and can be tailored to your needs

At CFA Accountants, we don't believe in one-size-fits-all. Every ambitious business is unique, and so is our pricing. Because all of our service lines are completely optional, your final fee is always bespoke and tailored entirely to your current stage and future goals. The four packages below show how monthly costs typically build as a business grows.

Basic — £96/month

Newly formed small company, client maintains own bookkeeping records, single director

Notes

1. Every quote is confirmed following a free consultation and tailored to the client.
2. Software and subscription costs (e.g. Xero, Dext) are not included and are billed separately at actual cost.
3. The Bookkeeping allowance in Growth is capped at 100 transactions/month; a business at this turnover may require personalized quote
4. All fees are guide rates only and may be reviewed where transaction volumes or complexity differ from the example shown.
